ENTRY YEAR

AWARD PROCEDURES

- Scholarships are valid only for enrollment beginning in the intended start term listed on the Scholarship Application. Students who delay their start must reapply.
- Scholarship decisions can be made only if all transcripts (at least unofficial) and required components are on file. Official transcripts must be on file by the end of the first quarter for awards to continue.
- For students who receive awards based on unofficial transcripts or those with coursework in progress, scholarship awards may be discontinued if final official transcripts indicate a GPA that does not meet the application requirements.
- The President’s scholarship will be awarded as a 50% tuition reduction. The Dean’s scholarship will be awarded as a 25% tuition reduction.
- Awards may not be combined with need-based institutional awards, or programs with other tuition reductions.

CONTINUATION OF SCHOLARSHIP BENEFITS:

- Students must maintain continuous full-time enrollment in a degree program and maintain good academic standing (2.0 Cumulative GPA).
- A first term with a below-2.0 cumulative GPA will result in a probationary period; a second term of below-2.0 cumulative GPA will result in discontinuation of benefits.
- Eligibility for offer ends if a student graduates from this program, stops out and becomes inactive.
